

# Department of Investigation Act

Preamble: The purpose of this document is to establish a third new department within the government that is focused on investigating domestic and foreign issues. They collect anything that the monarch wants them to.

## Article 1: What Does It Do?

The purpose of this proposed new department would be to investigate domestic issues and foreign disputes. Any suspicious activity happening within or outside our country needs to be dealt with. The department would be focused on gathering info on the threat and determining if it is critical to national security. The monarch would then decide what to do with the info.

## Article 2: The Clearance Needed to Investigate Something.

A. For any investigation that the department wants to start, it needs the approval of the monarch.

B. The monarch may also instigate an investigation. The department must investigate when the monarch demands.

Bill will become a law on 3/27/21 if passed.
